LOCATE AND PROTECT

Vismo Global Traveller App

The Vismo Global Traveller App is fit for purpose for those travelling around the world and who may incur risk. The App incorporates highly optimised Black Box® technology which combines method, patent and knowledge to ensure travellers can be located and protected through highly accurate locations. Many features are included to protect those travelling, such as a Panic Alert, Mass Notification, Check-In as well as others. The App is fully customisable for organisations to add their own branding, colours, web links and phone numbers.

Features Include:

Virtual Geo-Fences can be added to the map within the Vismo Secure Portal to denote high-risk areas or places of safety to report or alert the necessary teams when travellers enter or exit these areas.

The Vismo App has a Panic Alert in case of emergencies which is activated with a simple press and hold. Managers will then be alerted of the activation via SMS and Email.

When an incident occurs, managers can use the Vismo Secure Portal to immediately see if any travellers are in the vicinity. Travellers gain peace of mind knowing they can be instantly contacted through the In-App Mass Notification feature to be provided with critical information or helped to safety.

Benefits of The Global Traveller App

Peace of Mind for Travellers

Travellers have access to the Panic Alert if an emergency was to occur, enabling them to immediately raise an alarm. Travellers also have peace of mind knowing if an incident occured, security teams can use the Mass Notification feature to instantly inform all those who may be at risk and advise them appropriately.

Improve Employee Wellbeing

Check on your employees wellbeing and provide support to them when appropriate. Vismo can prompt the user and ask how they are feeling, within the Vismo App they can select 'Good', 'OK' or 'Not Good'. The employer can decide the options to an employee if they press 'Not Good', this could include calling a helpline, requesting a follow up or the employee can remain anonymous.

Customisable App

The Vismo App can be fully customised by the organisation. The on screen App tiles can be defined, easily moved around or removed to ensure the App is suitable for the employee. Company colours and logos can be incorporated, along with adding direct phone numbers and web links.
